DETAILED ACTION

1. The proposal amendment have overcome the prior art (Larky)

The proposal amended claims 1 (11)as following:

- A USB host system operationally coupled to a computing system with a main processor, comprising:
- A first processor that implements a USB driver and a host controller driver without using the main processor resource;
- A downstream USB port; and,
- A communication area directly accessible by both the main processor and the first processor such that the first processor interfaces with the main processor via the communication area using predefined records in pre-defined formats,
- Wherein the main processor writes a data transfer request in the communication area in a pre-defined record format, and
- Wherein the first processor schedules and completes the request via a USB host controller.

2. Applicant was advised to file amendment for further consideration.
